THE HOME RESORT EXPERIENCE

GENESIS™
series

Genesis™ R Series GR510R

4 PERSON ROTOMOLD ROUND SPA WITH 10 JETS

10 **Exclusive** Stainless Steel Hydrotherapy Jets,
Exclusive Flo-Master XP2e™ Pump,
Exclusive Filter with Built-in Weir Gate,
"Plug & Play" Kit,
Multi-Color LED Spa Light

✦ **Rotomold Structure with Lifetime Guarantee:** The GR510R spa was uniquely formed using a rotational molding process where the shell is spun on two axels to form the desired mold.

✦ **Convenient "Plug & Play" kit:** Reduces installation costs since you can simply plug in your spa and soak – saving you money!

✦ **Multi-Color LED Spa Light:** This breathtaking spa light adds a romantic touch to your hot tub.

CONVENIENCE
Simply set it up, fill it up
and plug it in

SPECIFICATIONS

- ✦ **Seating:** 4 person
- ✦ **Dimensions:** 78" R x 33" H
- ✦ **Flo-Master XP2e™ 2.0 BHP Pump:** The energy consciousness of the XP2e pump provides plenty of power while improving the overall energy efficiency of the spa, reducing operating costs.
- ✦ **10 Stainless Steel Hydrotherapy Jets:** Each jet delivers a steady stream of water and is designed to address a specific muscle group for the ultimate hydrotherapy experience:
 - **Back, Neck and Shoulder Jets** – deliver invigorating massages to sore back, neck and shoulder muscles.
- ✦ **Weight:** 350 lbs. dry / 2,855 lbs. filled
- ✦ **Water Capacity:** 300 gallons
- ✦ **"Plug & Play" C-Kit GFCI Plug:** This convenient kit allows you to plug in your spa, without the cost of an electrician, so you can enjoy your spa immediately after purchase!
- ✦ **Electrical:** Pump Voltage – 110V / 240V
- ✦ **Green Friction Heat:** The Green Friction Heat generates heat through friction by pumping water through a baffle system. Friction Heat automatically heats whenever the hot tub pump circulates – reducing the need to run additional electrical heat. *(Standard XP2e applications only)*
- ✦ **Heater:** WhisperHot™ 1.5 kW / 5.5 kW Flow-Thru Heater is designed for maximum operation and runs whisper-quiet at all times.
- ✦ **Filter:** 25 sq. ft. Filter with Built-in Weir Gate – an easy access, reusable filter that provides balanced filtration and is easy to use.
- ✦ **Insulation:** The Thermo-Guard™ Full Foam Insulation surrounds each spa with an insulated blanket of protection. Provides maximum heat retention and lowers operating costs.

FEATURES

- ✦ **Electronic Controls: Whisper Power Unit™ VS300 Equipment with Digital VL-406U Topside** – this user-friendly topside display with easy-to-read digital readout with backlight is easy to operate and places every vital control at your fingertips.
- ✦ **Cover: Hydro-Armor™ Spa Cover** – this 4" thick cover tapers to 2.5" at the edges to allow for run off of rain and prevent precipitation from pooling. The shield features safety locks and straps with a dense foam core to ensure superior thermal insulation.

Warranty:

- ✦ Lifetime Guarantee on Spa Structure
- ✦ 1-Year Parts & Labor

Cover: Hydro-Armor™ Spa Cover

OPTIONAL FEATURES:

- ✦ High Performance Switchless™ 5.0 BHP Pump
- ✦ Pure Silk™ Ozonator
- ✦ PureCure™ System
